

PRAAYER GUIDE FOR HAITI

God is our refuge and strength,
a very present help in trouble.

Psalm 46:1

AID FOR VICTIMS

Pray for aid to reach those who need it. Many have lost homes and are forced to sleep exposed to the elements. Many are struggling to find food in the midst of the chaos. Often those who are most in need are least able to reach the places where aid is distributed.

CARE FOR INJURED

Some hospitals in the affected area have been damaged, further weakening an already fragile medical care system. Pray that those who are injured are able to receive the medical attention they need.

COMFORT FOR GRIEVING

The death toll is currently more than 2,000. Pray for families who have lost loved ones that they will sense the nearness of the Lord as they grieve.

PEACE FOR THE COUNTRY

Haiti is experiencing the worst political crisis in a generation, culminating in the assassination of the president in July. Currently, armed gangs control large portions of the capital. Pray for a solution to be found for the crisis, and for Haiti to know peace.

ENCOURAGEMENT FOR CHRISTIAN LEADERS

The persistent unrest since July 2018 is leaving leaders feeling exhausted and discouraged. Pray for them to feel refreshment from the Lord as they model what it looks like to follow Jesus during a crisis.
